This is an exciting opportunity for a teaching assistant who is enthusiastic about supporting children in their learning. This role will involve working, some of the time, with a child who has additional needs in the Early Years setting.

We are looking for someone who:

- Is enthusiastic about learning and understands how children learn
- Is able to work with children with a range of special educational needs
- Has the ability to use intuition and work independently where necessary
- Has the ability to adapt resources/materials to meet the needs of the learner (a basic level of ICT skills is useful here)
- Can work as part of a team
- Is enthusiastic, caring and committed

We would be particularly interested in staff with experience of working with children with speech and language and or ASD needs. However, this is not essential as long as applicants have enthusiasm and a willingness to learn.

We can offer a supportive working environment where every member of staff is committed to ensuring the best learning opportunities for all children within a caring community.

Come and join the fun of learning at our wonderful school as it expands!

**The successful candidate will meet the requirements of the person specifications in order to be offered the posts and will be subject to enhanced DBS checks.**

We welcome applications regardless of age, gender, ethnicity or religion.

Only applications submitted on the school's application form will be considered.
